ELECTRICAL CONTRACTING BOARD

The Pretoria office of the Board registered a total of 2625 electrical contractors for 2008/9 or 2007/8, of which 2157 was for the 2008/9-year. Thus 465 have not registered for 2008/9 but they have not given notice of termination of business.

This year we have launched an extensive notification drive, and marked as “cancelled” on the database, the registration of all contractors who has not responded and re-registered for 2008/9 or 2007/8.

TRAINING

Thanks to Mrs Rika Nel, our training co-ordinator training in this region, training really took off during the last year, as can be seen from the report herebelow;

- On 1 October 2008, we had 94 apprentices registered in this region.

8 Certificates of Compliance courses were run in this region with a total attendance of 166 persons. 2 x COC courses were presented in the **ECA's Eastern Cape** region (Mossel Bay and Port Elizabeth).

- A total of 62 persons attended our exam preparation courses for the Installation Rules and Master Installation Rules.
- The first ever Estimating & Tendering course was run at our offices in Pretoria, and it was attended by 30 persons. The feedback that we received is that it is an excellent and informative course.
- We also ran an "*How to conduct a disciplinary hearing in the workplace*" course in Pretoria, which was attended by 18 persons.
