Company Ollies Elektries

How many years have you been in the Electrical Industry? 7 years

Qualification to date Matric, Installation Rules

Where have you received your training? Ollies Elektries & ECA (SA) Training Centre

How did you experience your Apprenticeship / Learnership? It's not always easy, it is long hours & the classes I need to attend are at night.

How have you experience working "in a man's world"? In the begin it was a bit difficult, people in general just don't accept a woman in the Electrical Field, but once they actually see how the job is done (neat & correct) their opinions change.

Future Career path / goal in the Electrical Industry. Master Electrician

Tell us something funny or serious that you have experienced or has happened to you during your training. While I was busy on a job up in the ceiling, I lost my footing, fell through the ceiling and landed on the bosses table of this particular company. Needless to say he was more surprised than I was.

Hobbies. Cycling & Golf
